## SENDING OUT ORGANIZERS

Efforts to Work Up Sentiment and Protract the Strike—Arthur Denounced.

CHICAGO, Ill., July 16.—The American Railway Union officials have determined to make a desperate struggle to regain for that order the prestige it has lost in the great strike now rapidly approaching a close. The executive board of the union held a meeting yesterday, the object of which was to map out a course for the future. After a lengthy discussion it was decided to send out "revivalists" to all important sections of the west. Six agitators had been sent out Saturday and it was decided to augment this number.

"The names of those sent out Saturday will not be given out," said President Debs to a reporter, "for fear of their being arrested for inciting a strike."

It was learned elsewhere, however, that this morning Director Kern was sent to St. Louis to rally the forces there. Hogan was sent out over the Northern Pacific to stir up the employees of that company, and Goodwin was sent over the Northwestern to use his influence with the employees of that railway, and if possible induce them to go out. These delegates are all members of the executive board of the union. Other emissaries were sent out to work with employees of the many lines entering this city.

After this meeting adjourned an enthusiastic meeting was held in Uhlich's hall, President Debs presiding. He made a rousing speech, reminding one of the early days of the strike. "The strike," he said, "is now—right now—more prosperous and encouraging than ever before. We can and must win. The men who have gone back to work will again come back to us, and victory is ours."

"Grand Chief Arthur of the engineers is a scab jobber, and he will go down in history as a traitor to organized labor. He instructs his men to work with scabs and tells them that scabbing is honorable. He is a tool in the hands of the general managers."

"The strike is weaker in Chicago than elsewhere," continued Debs, "but it will grow stronger, just as in the west it is growing stronger every hour."

Fifteen meetings were held in different parts of the city during the afternoon and evening, several of which were addressed by Debs. He will today give out a statement in answer to the one made by Pullman.

Mr. Debs said several of his committeemen had reported to him the Rock Island, Lake Shore, Eastern Illinois, Grand Trunk and Western Indiana men would all be out again today. Nothing could be learned outside to justify this assertion, however.

President Debs visited the stock yards yesterday and addressed a crowd of strikers, who have, for the most part, failed to secure their old positions. He urged them to continue the strike, which, he declared, was never nearer to a victory than now. The men agreed to stand by Debs, but at the same time expressed themselves violently against the men who have taken their places. The switchmen and engineers were especially loud in their protests against surrender. The butchers also had bitter words, all these men having seen their jobs filled the day before by non-union and imported men. The opinion was expressed loudly that the war was only begun.

During the day yesterday the district was plastered and covered with bills and posters reading as follows: "Executive board of Knights of Labor do hereby advise all workmen to keep away from the stock yards on Monday, as it is the desire of all organized bodies that all honest workmen should do so, and we further condemn the action of the coopers in returning to work as highhanded and selfish, without asking concessions for the laborers, and that all men found working in the yards on Monday will forever be branded as enemies of organized labor. By order of the committee."

## ANARCHIST CANTY.

He Says He Was Chosen to Kill the President.

## ARRESTED IN CHICAGO.

And Tells a Startling Tale of the Planning of a Most Horrible Crime.

CHICAGO, July 15.—According to a story told by a prisoner to Capt. Kane and Lieutenant O'Hara at West Lake street station Sunday night, President Cleveland had a narrow escape from assassination. The prisoner's name is Wm. Canty. He is a Canadian by birth and a hatter by trade. He was arrested last Sunday evening by Officer Henry Cornell, after a savage fight, in which the policeman nearly lost his life. Canty had been pointed out to the officer as one of three men who had robbed a woman on an Ogden avenue car near Paulina street, and the officer was sent out to arrest him. Canty saw the officer coming and took to his heels. After a lively chase for half an hour through streets and alleys Canty, as a last resort, jumped over a fence in a back yard. The officer attempted to follow, but caught his trouser leg on the fence and fell to the ground. Canty immediately opened fire with a revolver. Four shots were fired without serious result before the officer could regain his feet.

As he arose from the ground Canty placed his revolver at the officer's breast and fired again, but the officer saw the motion, and, grabbing the thief's wrist, managed to turn the pistol so that the bullet, instead of going into the left lung, plowed a furrow across his breast. Thief and officer then grappled, and, in spite of the wound, the policeman overpowered his prisoner and took him to the station. Canty appeared glum at first upon being questioned, but finally told Capt. Kane and Lieutenant O'Hara his name and his story. He said he was a hatter by trade, but had had little or nothing to do all winter. Six weeks ago he got a job, but a month later left it to go on a strike.

Shortly after, the union to which Canty belongs held a meeting. There they discussed their troubles, and feeling that they were all brought upon them by the present administration, denounced President Cleveland and his party roundly. Finally it was decided that President Cleveland should be removed. A vote was taken to fix upon a man to do the work and the lot fell to Canty. The membership of the union is but forty and the total amount of cash between them was but half enough to send the emissary to the national capital to carry out his fatal work. Canty promised to get the rest of the funds, however, and the meeting adjourned, after swearing all present to secrecy.

Canty says he has since tried to raise the required amount, but in vain. His last effort was when he assisted in an attempt to rob a woman on the street car. He says he is now tired of life and does not care what becomes of him. He told his story in a straightforward manner and expressed the greatest regret that he had been unable to fulfill his mission to kill the president.

From Chicago On a Wheel.

A tinner who had traveled all the way from Chicago on a bicycle arrived in Sedalia this morning in search of employment. He left the White city a month ago, he says, and has not done a day's work in all of that time. He goes from here to Kansas City.

## THE SEDALIA RIFLES.

They Reached Their Destination at 7 O'clock Last Night.

Special to the Democrat.

SPRINGFIELD, Mo., July 16.—The Sedalia Rifles arrived here at 7 o'clock last evening and at 9 o'clock were served with supper. The spot selected for the annual regimental camp of the Second regiment, M. N. G., is admirably adapted to the requirements of an encampment, with one or two exceptions.

The boys miss the shade trees which were scattered through their camp at Nevada last year, and the lake on which they were wont to go boating.

The camp is located in the fair grounds, on a strip of land just rolling enough to secure good drainage in case of wet weather.

The grass has been mowed and raked off, and the streets can be kept clean with very little difficulty.

Most of the companies are in camp and have their tents up. Among today's arrivals was Battery A, of the artillery, from St. Louis.

Today will be spent in getting thoroughly organized. Tuesday there will be dress parade; Thursday there will be a sham battle.

The advance detail of the Sedalia Rifles were obliged to make two transfers on the way down. When they arrived here, at 6:10 p. m., there was no one at the depot to meet them, and they were compelled to find the camp ground and get their supplies to it as best they could.

They arrived at the camp ground about 7 o'clock and after some delay were allotted a place to erect their tents. They erected one and proceeded to lay themselves down to sleep off the fatigue of the day's travel.

Go and take your friends to the country. Open cars every half hour via the Forest park line.

The strike is ended, whether Mr. Debs realizes it or not.

Don't sit still and talk hard times, but get up and hustle. Be a leader, not a drag.

The wise business man will improve the next two months by getting ready for a big fall trade.

It will take something a great deal bigger than a strike to overturn our institutions and establish an industrial despotism in this country.

JUDGE BOSSERMAN tells the police to quit arresting trespassers and go to work arresting local violators of the law. What's the matter with doing both, judge?

Now that the lawless demonstrations have ceased in Chicago and excitement has died away, everybody can unite in an effort to bring on a business boom.

CHIEF KAHRS is quite right when he proposes to go ahead in the path of arresting tramps and suspicious characters in advance of the commission of actual crime. An ounce of prevention is better than a pound of cure, especially in cases of burglary and hold-ups.

MANY an industrious, hardworking man who two weeks ago had permanent employment at satisfactory wages must start out this morning to hunt for work, all because he made the mistake of following the bad advice of a leader in whom he had confidence instead of acting as his own judgment dictated.

It is to be hoped that one of the "lessons of the strike" will be to teach a lot of narrow-minded partisans that the south is by no means disloyal to American institutions, but that that section can be depended upon as at all times for peace, good order and the rigid enforcement of the law. It is time that old prejudices were buried and forgotten.

HOWLERS may howl, kickers may kick and demagogues may rant until they are hoarse, but the fact remains that the people of this country are freer, happier and more prosperous than those of any other land. If trouble comes we meet it bravely. Difficulties we overcome. Dangers we shun. And the American people will go on prospering and building broader and deeper the foundations of their prosperity.

TROOPS were sent to Chicago and elsewhere merely to enforce the law and protect property. If the lawless mobs that burned cars, ditched trains and mobbed laboring men for the crime of working, were not strikers, then the strikers have no cause to complain of the presence of the troops. No court or other federal power seeks to make men work for any company unless they choose. The agents of organized government merely protect American citizens from mob violence, and disperse mobs which threaten life and property. No law-abiding citizen should object

to the exercise of this power by the government.

THE DEMOCRAT favors an active organization in this country even in advance of the primary. If public meetings are held in every township during the latter part of this month and campaign clubs organized, the party will be stronger at the coming election than it has ever been before.

WHEN the disappointed leaders in the late strike start out to make war upon the old, conservative, successful labor organizations they make a mistake second in magnitude only to the error they committed when they ordered the strike on an excuse instead of a grievance. There can be no one man rule in this country. There can be no despotism, and whenever a leader starts out to rule or ruin he will soon find the end of his usefulness.

STREET IMPROVEMENT.  
The Kansas City Star is earnestly advocating street improvement in that city and presents some figures that will be of interest to Sedalians.

Careful estimates have been made by experts, says the Star, which show the cost of street paving to the class of property owners most interested in the construction of substantial thoroughfares: The figures prove that a man who owns a twenty-five foot lot can have the street in front of it paved with macadam, with the best hard finish, including a maintenance and sprinkling clause for two years, for forty-five dollars. And that is a liberal estimate. The expense would probably fall below that mark. Divided into four annual installments, this would require a payment each year of a little more than eleven dollars. It would seem that there are very few property owners in Kansas City who could not contribute that much to the improvement of the streets on which they live.

STAND FIRM.  
The leaders who have seen the collapse of the late great strike in the large cities have publicly stated that they are sending out organizers for the purpose of inducing railroad men in the west to join them.

The railroad employees in this city have acted with rare good judgment, and by their firm, courageous and conservative course have won the increased admiration and confidence of the public.

It is possible that the strike agitators may again appeal to the railroad men of Sedalia to join them in their effort to revive the strike and protract it in the country.

THE DEMOCRAT trusts and believes that the employees of the roads here will continue in the firm stand they have taken.

That they sympathize with all movements intended for the betterment of the condition of laboring men will not be doubted.

But that sympathy should not lead them to join in a strike which their judgment tells them is untimely and certain to end disastrously.

We may sympathize with the man who has accidentally burned his house, but that sympathy should not cause us to burn ours.

The effort to prolong the contest can only increase the suffering it is bound to produce, and the part of wisdom is to bring it to an end as soon as possible.

Departure of the Rifles.  
As anticipated in the SUNDAY MORNING DEMOCRAT, the Sedalia Rifles left on the southbound M., K. & T. train yesterday forenoon for Springfield to attend the annual encampment. There were a number of friends present to bid them farewell, and when the train pulled out, forty minutes late, something like forty members of the command were aboard, with Capt. Demuth at the head.

He Predicts Bloodshed.  
Rev. E. E. Willey, who was not permitted to address the Chatauqua here a few days ago because he had umpired a ball game on Sunday, addressed the St. Louis strikers last Saturday and said he thought the present trouble would continue until it reached a point where bloodshed would inaugurate the greatest revolution the world has ever seen.

## THEY SKUNKED 'EM.

The Union Pacifics, of Kansas City, Dead Easy.

THE SCORE WAS: 15 TO 0.

A Son of the Late Jesse James Played With the Visitors—The Official Score.

A good-sized Sunday audience witnessed the humiliating defeat of the Union Pacific base ball club, of Kansas City, at Association park yesterday afternoon. By the reorganized Sedalias, the score standing 15 to 0.

The visitors arrived on the noon train and game was called at 3:30 p. m. Henry Edwards was applauded when he stepped upon the field to umpire, and his work was, as heretofore, clever throughout.

The game was too one sided to be of interest. Harrison pitched magnificently and was well supported, especially by Wickizer, who can double discount the best efforts of "Roxy" Roach any day. Not an error was made by the Sedalias. This makes the second club that Harrison has shut out inside of a fortnight, notwithstanding the shouts of the visitors yesterday, "Oh, line 'em out; he's only a colt."

Not a Union Pacific man reached third base, and only two got as far as second. The work of Shumeyer at short was clever, but it was the only redeeming feature of their side of the game. A son of the late Jesse James played left field for Kansas City, and those who were aware of the fact lost no opportunity to size him up. The visitors left for home this morning, thoroughly satisfied that Sedalia has a first class ball team. Following is the official score:

## A MAD BULL'S RAGE.

Bessie Newcomb Gored to Death on Her Father's Farm.

Bessie Newcomb, living near Carthage, went to the pasture last Saturday morning to milk the cows. As she opened the gate her father's prize Holstein bull lowered his head, and, snorting and bellowing, plunged through the meadow toward her. With a cry of terror she threw down the pail, and gathering her skirts fled for her life. The bull pursued and overtook her.

Mr. Newcomb and the farm hands saw her peril and leaped over fences to the rescue, but before they could check the infuriated brute he caught the child on his horns, tossed her twice high in the air and then stamped her life out with his hoofs. The rescuers had a desperate battle with the bull and it was not until they had beaten him off with pitchforks and axes that the bleeding, mangled corpse was recovered.

## Today's Police Court.

In the police court, this morning, Cader Waltz and J. C. Wilcox were fined \$5 each for drunkenness. Both paid.

Wesley Perry and Peter Roach, colored, charged with disturbing the peace, were discharged.

John Stinson and Sam Harlan, colored, charged with beating and mistreating a horse, had their case continued until Wednesday.

## Struck With a Rock.

Lantie Farnham, Western Union messenger boy, was struck on the leg by a rock hurled by a boy while riding his pony yesterday, and as a result is limping around considerably today.

## A Damaged Reputation.

A. P. Sample has filed suit in the circuit court at Nevada against James Davis for \$2,000 damages. He alleges that David said (Sample) had stolen hogs which he sold.

**ASSIST NATURE**  
a little now and then, with a gentle, cleansing laxative, thereby removing offending matter from the stomach and bowels, and toning up and invigorating the liver and eliminating its fatty action, and you thereby remove the cause of a multitude of distressing diseases, such as headache, indigestion, biliousness, skin diseases, boils, carbuncles, piles, fistulas and malarias too numerous to mention.  
If people would pay more attention to properly regulating the action of their bowels, they would have less frequent occasion to call for their doctor's services to subdue attacks of dangerous diseases.  
That, of all known agents to accomplish this purpose, Dr. Price's Pink Pills are unequalled, is proven by the fact that once used, they are always in favor. Their secondary effect is to keep the bowels open and regular, not to further constipate, as is the case with other pills. Hence, their great popularity with sufferers from habitual constipation, piles and indigestion.

Prof. Neil, government chemist, writes: I have carefully analyzed your "Royal Ruby Port wine," bought by me in the open market, and certify that I found the same absolutely pure and well aged. This wine is especially recommended for its health-restoring and building up properties; it strengthens the weak and restores lost vitality; particularly adapted for convalescents, the aged, nursing mothers and those reduced and weakened by over-work and worry. Be sure you get "Royal Ruby;" \$1 per quart bottles, pints 60 cts. Sold by A. S. McGowan.

## OUT AT McALLISTER.

Sedalians at the Famed Summer Resort.

## HOW THE TIME IS SPENT.

Paragraphs Pertaining to the People Who Are Seeking Health and Recreation.

Special to the DEMOCRAT.

McALLISTER SPRINGS, Mo., July 16.—Sedalians have visited McAllister Springs in goodly numbers the past week and have been royally entertained at the Hoffman house by Mr. and Mrs. W. H. Newrick, than whom no more popular host and hostess ever held forth on the grounds.

Among those who spent the week here are the following: James Glass and son, Willie, and daughter, Mary; E. G. Cassidy, wife and daughter, Katie, and Misses Lillie Riley and Kittie Allen, the latter one of the popular salesladies with Guenther Bros.; Mrs. Edward Hurley and children, who occupy a cottage only a few steps distant from the hotel; David Ramsey, who has been somewhat indisposed; Miss Mattie Letts, one of Sedalia's most efficient and appreciated teachers, who has been here almost a fortnight and who will leave for home tomorrow; Mrs. D. I. Holcomb, who came out Thursday evening in company with her husband, the latter returning to Sedalia Friday and materializing at the Springs again on Sunday; J. K. Hart, the well known Ohio street merchant, who is loud in his praise of the famed waters; Mrs. Fred Behnke and her sister, of St. Louis, who also arrived Thursday evening, and Mrs. E. B. Burrows.

All of the above have taken their meals at the hotel, although Mr. Cassidy and family, like Mrs. Hurley, occupy a cottage. On the opposite side of the grounds were still other Sedalians, the occupants of cottages, as follows: Mrs. R. F. Fleming and her accomplished daughters, Misses Julia and Kate, who returned home Sunday night; Mrs. Eddie McGurran and children; Mrs. Chas. Carroll and daughter, who returned to Sedalia Saturday night, and Mrs. Cliff Rogers and daughter, who are guests at Rose Cottage, where they will remain until tomorrow night.

In addition to those enumerated, Bobby O'Brien, the "receiver," and Ben Levy, of Bloch & Levy, dropped in on the "colony" Thursday afternoon and remained on the scene to devour spring chicken until Friday evening.

Conductor Charlie Hall was also a visitor, and brought his appetite with him, as did Lew P. Ames, who acted as chaperone to the genial ticket-puncher.

John Cashman, the next prosecuting attorney of Pettis county, tarried on the grounds a few hours early in the week, and then moved on, after having been assured that his political fences were in excellent shape.

Sol Kingsbaker showed up on Friday and spent the day, in company with Chas. Koepen, the florist, and Chas. R. Hoff, the M., K. & T. shopman. The trio filled up on black sulphur, took a red-hot bath and returned to Sedalia feeling like "new men," as Sol put it.

Friday night the young beaux of the neighborhood gave a "rag" at the pavilion, at which the Sedalia colony was well represented. The music was furnished by a colored orchestra, and Ed Cassidy is emphatic in the declaration that it was the best he had heard in years.

While there is not an "invalid" on the grounds, your correspondent has yet to meet the first person who does not claim to have been benefited 50 per cent after having taken two or three hot baths and drank freely of the various waters that have made McAllister a household word throughout the west.

The usual hour for rising is 6 o'clock a. m., although there are two or three individuals who in former years acquired the habit of early hustling, probably after the worm (of the still), and these make their appearance at 5 a. m. The general programme is, first a visit to the black sulphur springs, where from a pint to a half gallon of water is drunk. At 7 o'clock the hack arrives from Houstonia, bringing the mail and passengers. A few minutes later breakfast is announced, and right here your correspondent wants to say that the menu surpasses any that the guests of the hotel have known in past years. About 9 o'clock the whiffle makes known that the hot bath is ready, and a few minutes later seven bath rooms are

occupied, only to be refilled and emptied until the noon hour.

The afternoon is spent according to the inclination of the different guests. One of the features for the ladies, however, is a plunge in the pool, the number of bathers ranging from one-half dozen to two dozen, and the "Peeping Toms" say the sight is a circus. Croquet playing affords another source of amusement, but the majority of the visitors are content to lounge about or wander over the grounds, visiting the different springs and drinking to their hearts' content of the various waters.

After the supper hour there is generally vocal and instrumental music in the parlor, thus affording a pleasing finale to the day's enjoyment. Taken all in all, McAllister affords a splendid retreat for those who desire a delightful outing extending from a day to a month, and all can depend upon a cordial reception at the hands of Mr. and Mrs. Newrick.

## Notes.

Will Glass is the ladies' man of the resort.

No one at the Springs gets more genuine rest than James Glass.

Miss Lillie Riley was voted the best waitress at Friday evening's hop.

Mrs. Ellen Gentry, her two daughters and son are guests at Rose Cottage.

The hotel boasts of a female barber, who is an artist in lathering if not in shaving.

J. K. Hart is now thoroughly convinced that his dancing days, like the strike, are over.

Dr. E. W. Baer and Miss Grimes were among the Sedalians out for tea Thursday evening.

Miss Mattie Letts is an expert swimmer and is envied by all of the ladies on the grounds.

One or two more rains and the corn in this vicinity will average more than 75 bushels to the acre.

Beaux are in demand, and looks count for naught. If he wears pantaloons, that is all that is necessary.

Father Ryan, of Slater, spent the greater portion of the week here, but left for home Saturday afternoon.

Zeke Scott, who is seeking the democratic nomination for treasurer, is an occasional visitor at the Springs.

Henry D. Elliott and Joe Bouldin came out from Sedalia Friday night to take in the hop and remained over Saturday.

Miss Lizzie Cullen, of Higginsville, arrived Sunday to remain a couple of days with her cousin, Mrs. E. B. Burrows.

Prof. Simpson arrived at Rose Cottage Saturday and is taking the famed "water cure," as Landlord Newick calls it.

Dave Ramsey created consternation among the gentler sex by announcing that he had killed a four-foot snake near the grounds.

Fred Behnke came out Saturday evening to spend the Sabbath with his wife and sister-in-law, both of whom are delighted with McAllister.

Miss Cassie Glass and Belle Gilson made merry with their many friends on the grounds Friday and returned to Sedalia on the night train.

James Ramsey came out Thursday evening and remained over until the following morning—because the hack failed to call for him the previous night.

Major A. P. Morey and wife arrived Saturday evening. The former returned to Sedalia this morning, but Mrs. Morey will remain at the hotel a week.

Mr. Cassidy and family, Mr. Glass and children and Mrs. Hurley and children will return to Sedalia today.

Tom Fleming, genial and handsome, was a Sabbath guest at the Springs, and returned home at night in company with his sisters, Misses Julia and Kate.

James T. Montgomery registered at the Hoffman house Saturday evening and will remain two or three days. He has a weakness for spring chicken and black sulphur.

Miss Kittie Allen captivates all with her singing; and when an accompaniment is played by Miss Katie Cassidy, Mary Glass or Etta Hurley the parlor is certain to be crowded.

Miss May Shea, saleslady with the J. D. Hail Dry Goods Co., has been enjoying herself the past few days as the guest of Mrs. Quinten, where Mrs. Cliff Rogers is also stopping. They will return to town Tuesday.

One of the cottages is occupied by Misses Emma Bouldin, Mamie Mockbee and Ruth Black, of Hughesville, who are chaperoned by Mrs. Mockbee, Mrs. Elliott and Mrs. Bouldin; and Misses Rosa Glascock, Maggie Harris, the Misses Rodecker, Miss Wiley and Miss Ricks, also of Hughesville,

who are chaperoned by Mrs. Scott.

Miss Anna McDonough, an accomplished young lady of St. Louis, who has been a guest at the Hoffman house for the past three weeks, will take her departure for Sedalia Tuesday night, and after a short visit there will return to her home in the Mound city.

County Collector Mike Doherty and his daughter, Miss Mamie, were among the guests who put in an appearance Saturday evening. Mike's first inquiry was, "Don't you have anything but water to drink here?" and he was promptly assured that water constituted the entire bill of fare, from a liquid standpoint.

## THE LARGEST SHOW ON EARTH.

Coming in All Its Entirety—The 23d Season of Sells Brothers Enormous United Shows.

The great out-door field of tented entertainments is now substantially occupied by Sells Brothers Big Show of the Earth. In fact the exclusive possession of many rare creatures and noted performers, they hold first place, and their visit to Sedalia on Monday, July 30th, is surpassingly rich in well-founded promises of elaborate and enjoyable entertainment. Their Three Colossal Circuses, Fifty-Cage Menagerie, Roman Hippodrome Races, Huge Elevated Stages, Australian Aviary, Gladiatorial Combats, a Spectacular Pilgrimage to Mecca, Caravan of Trained Animals, and Superb Fairyland Street Parade, contain more than enough strange sights, thrilling races, sensational acts and glowing pageants for a whole carnival week. Nor does mere quantity banish quality from the colossal tents. Such features as Educated Seals and Sea Lions, Rooster Orchestra, Giant Kangaroos, the flock of Ostriches, the Hairless Horse and the pair of giant Hippopotami are not to be found elsewhere. The coliseum contests are of the most exciting character, the performances phenomenal, and the fun epidemic. Make ready for a glorious holiday. This season the Big Show of the World admission reduced from 50 to 25 cts. (children's) price to all. Excursion rates on all lines of travel.

## OUR STORE

## AIN'T A TEN-ACRE LOT!

No! no!! It is nothing more or less than the biggest thing in Sedalia or Central Missouri in the music line—and, well! yes! we say it—we are selling more goods, getting in more cash, more goods sold on monthly payments, and much more all round solid business than all the other music houses in Sedalia combined or separate. Freight bills talk—drafts and remittances are mighty good evidence and we are not running any *Ananias racket* or *Bluffing*. We simply do the business, and we do it right on the square. Our expenses are simply awful, so the other fellows say. Well, they are awful. Awful small for the amount of our business—and the fun of it is our expenses are paid in cash. We have no time for funny business—life is too short, so we put in our time, our best licks, and all we weigh or measure in height, length, breadth or muchness, attending to business at

## RAILROAD RUMBLE.

What Will the Great Strike Cost in Chicago?

ESTIMATED AT \$8,000,000.

Items of Interest Picked Up From Various Sources for the Benefit of "Democrat" Readers.

What did the great strike just brought to a close cost the railroad companies in Chicago alone?

All the general managers say at present is that they have insufficient data to hazard an opinion that could be relied upon. One of them said the losses of the roads might go as high as \$8,000,000. The loss occasioned by suspended traffic will be the largest item, but the destruction of property will be by no means a small one. Nearly 600 Panhandle cars were destroyed in one blaze, and of this number ninety eight contained merchandise. It will be necessary to learn what those cars contained before any computation of loss can be made.

Within the city limits tower houses have been burned and tracks been torn up. Damage has been done in many railroad shops, and enormous sums expended in defending the roads against rioters. What the railroad companies will do in the way of demanding financial redress from the county and city has not been determined by the general managers, but many suits are expected.

General Manager St. John, of the Rock Island, said that the losses of his company over their entire line would be not far from \$1,000,000.

The commission men of South Water street will meet this week to formulate a plan of action in regard to claims against the railroad companies. It was estimated on the street that the claims would aggregate \$500,000, and that the losses of the commission men would not be less than \$1,500,000.

In Chicago and vicinity, including Hammond, eight, and indirectly, ten lives were lost, the victims being killed outright or afterwards dying of their injuries, while the number of wounded, as far as reported, was forty-one. At least nine, and probably ten, lives have been lost throughout the west outside of Chicago.

## Coach Cab and Caboose.

Ed J. Moore, the engineer, has resumed work, after a lay-off of a week or more.

Traveling Auditor Ed H. Farley, of the M., K. & T., is over on the St. Louis division today.

Paymaster Walter Kent, of the Missouri Pacific, passed west in his private car yesterday afternoon.

Col. Joe W. Chapman, agent for the American Express Co., received a fine delivery horse from Fort Scott yesterday.

Receiver Mitchum, of the narrow gauge has had his bond of \$25,000 approved and expects to enter upon his duties during the present week.

James Thompson, a former Sedalia railroad man, now running on the American National road, in Central America, he says, arrived in the city this morning on a visit to his wife. He reports railroading good in that country.

Mike Gaffney, the well known

section foreman, left yesterday afternoon for Kansas City to resume work on the Santa Fe, after a visit with his family here.

Roadmaster A. Manley was down from Lexington this morning.

Engineer Tim Gallivan returned today from Lexington, where he escorted his best girl to church yesterday.

Conductor Frank Mounts is home from a visit in Illinois, and resumed his run on the J. C., B. & L. today.

Officer Raiffeissen is now looked upon as assistant depotmaster, as he seldom fails to be present on the arrival of a passenger train.

Conductor Hi Lewis resumed work today, after a ten days' lay off, and Conductor Lafferty has returned to his local run.

The Missouri Pacific pay car will arrive here this afternoon, and Conductor Tom Butts will take it west tomorrow at 1 p. m.

The Missouri Pacific shops resumed partial operations this morning, after a two weeks' suspension. Only a few men are at work, however.

Wes Holmesley, the Missouri Pacific lineman, is down from Lexington today, putting in new telegraph poles west of town, where the Missouri Pacific wreck occurred a few days ago.

Conductor Jim Merrifield stated this morning that on his arrival in St. Louis this evening he would call a meeting of the Dishwashers' association, and he thinks it possible they will assist Dictator Debs in his boycott.

Depotmaster Carnes and his chum, Tom Kennedy, are rejoicing because Dictator Debs did not call out the "Leatherheads" during the late boycott. Had this step been taken, both Mont and Tom would probably now be on the toboggan.

Engineer H. A. Daniels, of the Lexington branch, leaves tonight for Walnut Springs, Texas, in response to a telegram apprising him of the dangerous illness of his brother, Nathan H. Daniels, who owns a large sheep ranch there.

"Uncle Billy" Inch has retired as express messenger on the narrow gauge and the work is now done by Conductor Bass. Reduction of expenses is the order on the n. g. as well as on the big roads, and the brakeman now handles the baggage.

D. Clark, of Jefferson City, who recently resigned the position of tie and wood inspector for the Missouri Pacific Railway Co., has engaged in the tie and timber business down in Louisiana. He has many friends in Sedalia who wish him good luck in his enterprise.

Those who profess to be good guessers say that the number of Slater railroad men who will lose their places on the C. & A. is about 75. A number of these have already gone to Moberly to take the places of the discharged Wabash men and a number of the Wabash men are now at Slater. According to the present outlook it is just a "swap around."

Night Yardmaster Jack Costello, of the Missouri Pacific at St. Louis, is certainly possessed of an abundance of nerve. He went to the A. R. U. meeting at Central Turner hall Friday evening and made a speech to about 400 strikers. He said he had been working right along, and that some of the strikers had been threatening him. He said he intended to stay at work and intimated that the A. R. U. might go to a warmer place if it did not like it. He was roundly hissed.

Down at Springfield, on the Gulf road, a large number of the members of the American Railway Union were discharged from the employ of the road last Saturday. Among them were eight engineers, fifteen firemen and a large number of switchmen and brakemen. It is not known if the policy of discharging all American Railway Union men is to be pursued, but the members of the order have given apprehension that such is the case. New men are being picked up here and there to take the places of the discharged ones.

Vice-President Purdy, Traffic Manager Miller, Gen. Supt. Allen and Supt. Maxwell, of the Missouri, Kansas and Texas, were at Galveston last Saturday for the purpose of completing a contract with the Gulf, Colorado and Santa Fe, whereby the latter road will use the Missouri, Kansas and Texas track from Sealy to Houston and the "Katy" will use the Santa Fe line from Houston to Galveston and also the Galveston terminals of the Santa Fe, thus effecting an entrance to Galveston port, for which the "Katy" has been fighting for a year. The new arrangement is expected to go into effect about July 23.

## Eli in Jail.

Eli Hawkins, colored, went to jail today on a \$1 fine and costs, imposed by Judge Fisher, for having disturbed the peace of R. C. Clark and others.

## WAS LAID TO REST.

Burial of Eddie Fleck, the Fireman, Yesterday.

## THE FUNERAL CORTEGE.

One of the Largest Ever Seen in Sedalia—Father Murphy's Discourse—Floral Tributes.

Amid tears and flowers all that was mortal of Eddie Fleck, the Big Four fireman, who was murdered by striking miners at Fontanet, Ill., last Friday, while in the performance of duty, was laid to rest in the Silent City yesterday afternoon, an immenses throng of people being present to pay the last tribute to the beloved dead.

Eddie Fleck grew from boyhood to manhood in Sedalia and was deservedly popular with all classes. The son of an engineer with more than forty years' experience without having met with a serious mishap, it was natural that the boy should follow in the footsteps of his father, and it is a satisfaction to know that he gave every promise of becoming a thorough master of his trade, and was loved and respected by employees and associates alike on the road where he was earning a livelihood.

The funeral cortege was one of the largest ever seen in Sedalia. The members of Golden Eagle lodge No. 78, B. of L. F., turned out in a body, as did the Ladies' Auxiliary to the order, the Engineers, the Conductors and B. of R. T., and the Knights of Pythias were present in large number.

The remains were removed from the family residence, No. 1000 East Third street, at 4:30 p. m. by Funeral Director Hillis and taken to St. Vincent church, which was crowded to its utmost capacity, while many remained on the outside, unable to gain admittance. Mr. John Tierney, of Parsons, officiated as master of ceremonies for the family.

The burial sermon was preached by Rev. Father J. T. D. Murphy and was a beautiful tribute to the dead fireman, as well as a solace to the members of the bereaved family. Denominational creed was forgotten on occasions of that kind, the eloquent divine said, and many eyes were moist with tears as the auditors listened to the beloved father's consoling words.

The music by the choir was impressively beautiful, and the many floral tributes that fairly covered the burial casket attested in a slight degree the high esteem in which the deceased was held.

The service concluded, the funeral cortege repaired to the Catholic cemetery, where the body was laid to rest with the ritualistic service of the B. of L. F.

The pall bearers were: A. D. Piper, Wm. Leyland, J. H. Horton, Wm. Patrick, C. E. Gaines and Wm. Surkey, all of Golden Eagle lodge, No. 78, B. of L. F.

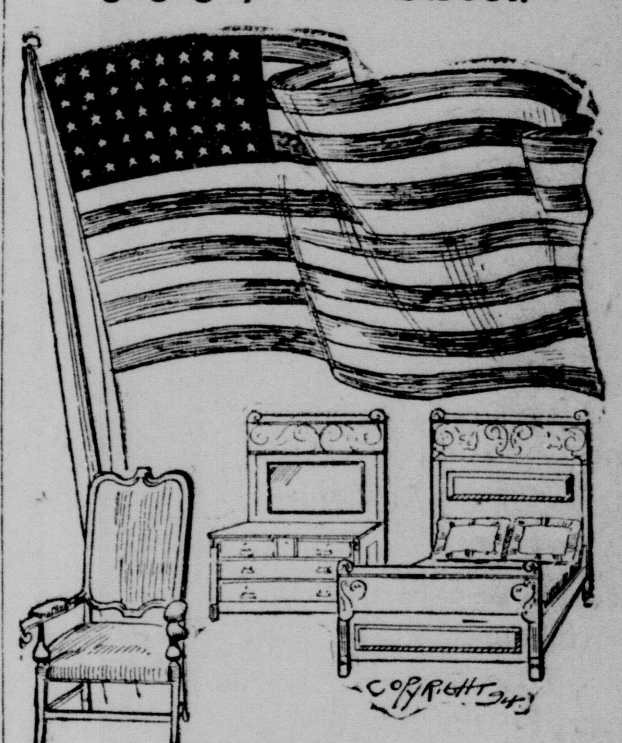

The floral tributes were as follows: Cross and pillow of roses and chrysanthemums, B. of L. E.; large square pillow of white and yellow roses and chrysanthemums, Ladies' Auxiliaries of the B. of L. E. and B. of L. F.; pillow of white verbenas and bouquet of sweet peas, Miss Marguerite Myers; large pillow of white verbenas, Miss Dora Lix; square fan of tube roses, the Misses Chettle; fan of sweet elysium and geraniums, Mrs. Ingraham; large heart of passion flowers, filled in with pansies and white roses, Edna Reilly, little niece of the deceased; white verbenas bouquet, Miss Maggie Shehan.

In this connection the following telegram from Terre Haute, Ind., dated the 14th, showing that there is a strong probability that one of the parties who caused poor Eddie's death is in custody, will be read with interest:

Ed Holloway, a railroader, who was at Fontanet Thursday night and mingled with the strikers and miners before the Big Four passenger train was ditched, resulting in the killing of the engineer and fireman, was arrested today on suspicion of being the person who threw the switch. The authorities say that they certainly have the man. The prisoner's home is at Indianapolis. He was employed by the Big Four company Wednesday to take a striker's place and was sent to Fontanet the following day to go to work as a brakeman. He arrived at Fontanet about 7 o'clock Thursday evening, but instead of fulfilling his contract with the company, he joined the strikers. He had a hand in stopping the freight train at Fontanet,

and was repeatedly warned by Deputy Sheriff Crosson to keep off the cars. He persisted in boarding trains and pulling coupling pins until the deputy sheriff threatened to shoot him. Holloway was not seen at Fontanet after the wreck. He was arrested at Rockville and brought here.

## Card of Thanks.

To the many friends who so kindly extended sympathy and aid on the occasion of the death of my son, Edward Fleck, I desire to return my sincere thanks. To the railroad men of Sedalia, and especially to the Mattoon delegation who accompanied the remains from Illinois to Sedalia, do I feel under obligations; and my prayer is that none of them may ever undergo an affliction like the one that I have just sustained. ## To Remove Their Shops.

MAMMOTH SPRINGS, Ark., July 15.—The Kansas City, Fort Scott and Memphis railroad is taking steps toward removing their division machine shops from Thayer, Mo., on account of the decided stand the town took against them in the strike, whereby 250 marshals had to be sent from St. Louis to raise the embargo and move trains. The shops will be moved to Mammoth Springs.

## Will Have a New Laundry.

The DEMOCRAT learns that Sedalia is to have a new laundry, to be located on East Fifth street, next to the Sedalia Printing Co. It will be managed by a gentleman recently from New York, who is an expert in the business, and an entire new plant will be put in.

The only first class hotel in Sedalia—opposite the market square, on Second street, one block from the Union depot, was opened by J. A. Riley, its owner and proprietor, to the traveling public, the first of July, 1894. Hotel Riley bar in connection.
